

MECHA

Superior Machining Services

CAPABILITY STATEMENT

About Us

Mecha, Inc. is a North Carolina based machine shop that ships custom metalwork globally. We are the primary metalwork provider to several key military contractors and subcontractors, who rely on us for our quality and service.

Core Competencies

- **CNC Machining:** 3-, 4- and 5-axis.
- **Additive Manufacturing (3D Printing):** Aluminum, copper, and other alloys.
- **Part Finishing:** Tumbling, graining, and bead blasting.
- **Part Coatings:** Plating, painting, powder coating.
- **Part Marking:** Silk-screening, direct to substrate printing, and laser engraving.
- **Part Families:** Rugged/embedded computer hardware (heatsinks, chassis, front panels), aerospace, medical support, automotive.

Differentiators

- **Specialization:** Unlike other shops, we specialize in rugged/embedded hardware, so we are familiar with all the relevant military specifications.
- **One-Stop Shopping:** We deliver finished parts so our clients do not have to handle the part plating, painting, etc. themselves.
- **Quick-Turn:** We control many processes in-house and have key partnerships to provide fast service with accurate lead-times.
- **Technology:** We continually invest in the latest equipment and software.
- **Fast Quoting:** Most quotes requests are answered within 24 hours.
- **Pricing:** We offer very competitive pricing due to the use of the latest manufacturing technology.
- **Quality:** We measure and inspect 100% of the parts we manufacture and have an exceedingly low defect rate compared to other machine shops.
- **Expertise:** We make the parts that other machine shops do not want to do.
- **Security:** We are ITAR registered and regularly handle sensitive CUI.
- **Service:** We are known for our quick response and flexibility.
- **Access:** We created a customer portal (InfoFlo) on our website that provides complete, 24-hour

access to order status, inventory, tracking numbers, plating certs, material certs, and more.

- **Reliability:** We are the primary metalwork supplier for many of our key customers.

Key Customers

- SpaceX
- Raytheon
- Collins Aerospace
- GE (Ametek)
- Flextronics
- Extreme Engineering Solutions
- North Atlantic Industries

Company Data

- Established in 2008
- 10,000SF facility
- 25,000SF expansion due late 2026
- 45+ employees, 3 shifts
- See website for complete equipment list
- **Unique Entity ID (UEI):** N9JYMRW1S4E7
- **D-U-N-S:** 010809819
- **Cage Code:** 6S9J9
- **ITAR Registration Code:** M34389
- **NAICS Code:** 332710

Certifications

- **JCP:** CAGE Code 6S9J9, DD 2345.
- **ITAR:** Registration Code M34389, DS-2032.
- **DFARS:** NIST SP 800-171 compliant.
- **CMMC:** Level 1 compliant.
- **ISO9001:2015:** Certification projected in 2026.
- **AS9100:** Certification projected in 2026.
- **Nadcap:** Coating certifications for specific products available upon request.
- **RoHS:** All products compliant unless otherwise requested.
